

JORGE LUIS GUTIÉRREZ VERDUGO

Sinaloa, México | +52 667 142 7259 | jorge.lgv6@gmail.com | [LinkedIn](#)

Professional Summary

Data Analyst with two Master's degrees (**Big Data & AI**) and 3+ years of experience in the Fintech sector. Expert in driving operational efficiency by combining **SQL, Python, and R** with **LLMs** to automate processes and extract insights from complex datasets. Proven track record of increasing automation rates (from **18% to 33%**) and optimizing customer experience through **A/B testing** and **Power BI**. Adept at delivering data-driven solutions for cross-functional teams in **Logistics, Operations, and Product**.

Experience

DATA & AUTOMATION ANALYST

RappiCard México | Jan 2024 – Present

- **Increased automation rate from 18% to 33%** by optimizing **automated support assistant** flows, using **SQL, Python, and LLMs** to extract insights from user behavior.
- **Architected automated dashboards** in **Power BI** to monitor NPS, CSAT, CES, and contact volume, leveraging **LLMs** to categorize and analyze unstructured customer feedback.
- **Designed cross-functional analytical** tools for Logistics and Operations using **SQL** and **Power BI**, providing stakeholders with real-time visibility into key performance metrics.

CUSTOMER SUCCESS ANALYST

RappiCard México | Nov 2022 – Dec 2023

- Reduced monthly support tickets from **15k to 8k** and improved **CSAT** from **88% to 92%** by analyzing transaction and account data via **SQL** to identify and resolve user friction points.
- Optimized ticket driver monitoring by building behavioral pattern reports, enabling cross-functional collaboration to improve the customer journey.

PERSONAL ADVISOR

RappiCard México | May 2022 – Nov 2022

- Maintained a **92% CSAT** while consistently exceeding performance targets through structured data checks and deep-case analysis of recurring user issues.
-
